UK Lender Research Report - Release 2

Data as at 2026-09-27. Refresh and extension of the 2026-09-26 release; sheet and column names unchanged.

Factual research for a comparison platform. Not financial advice. No lender is ranked or scored. Every rate and rule carries a date, status and source.

1. What changed in this release

- Official rate sheets now cover HSBC UK (consumer pages with APRC), NatWest (24 Sep 2026), Nationwide (15 Sep 2026), Virgin Money (16 Sep 2026) and TSB (23 Sep 2026): 675 new rate rows across 60-95% LTV. Third-party best-buy rows remain only for Barclays and Lloyds Banking Group (and Danske/Skipton) as SUPPORTED; best-buy rows for lenders now covered officially are marked OUTDATED.

- New Rules_Numeric sheet: 194 machine-readable lender rules with explicit income, LTV, loan, property, buyer, applicant and repayment conditions.

- Criteria gaps filled from official pages: TSB (age, lending limits, adverse credit, self-employed, foreign nationals, income, affordability including published stress rates), Virgin Money (separate criteria site confirms its rules still differ from Nationwide's), HSBC maximum term, Co-operative Bank ownership (Coventry BS subsidiary; Part VII transfer expected 1 Jan 2027).

- New calculator data: SDLT, LBTT (with ADS 8%) and LTT bands; FCA/FPC affordability framework and TSB's published stress rates (6.25%/6.75%); expenditure benchmarks recorded as NOT DISCLOSED.

- New Time_Series sheet from the Bank of England database: 487 observations (Bank Rate, approvals, quoted rates by LTV, revert-to rate, stock effective rate).

- Conflicts: C10 resolved from TSB's criteria; C13 (Barclays FTB wording) corrected; C02, C03, C06, C08, C09 remain unresolved with what was checked recorded. Changelog entries: 111 (Sources 28, Mortgage_Requirements 17, Lender_Overview 15, Mortgage_Rates 13, Affordability 9, Personal_Loans 9).

Status definitions (unchanged)

Status	Definition
CONFIRMED	An official lender, regulator or government source directly states the information and it applies at the research date.
SUPPORTED	Multiple credible sources support it, or an official source supports it indirectly (e.g. group criteria applied to a sister brand); not stated in one official place for this exact scope.
UNCONFIRMED	Some evidence exists (usually a single third-party source) but insufficient confirmation.
NOT DISCLOSED	The lender (or market) does not publicly disclose the information, after checking the relevant official pages.
OUTDATED	Information was found but appears superseded; retained only for audit trail.
NOT VERIFIED	Operational gap flag added for this project: the item likely exists but could not be retrieved in this pass (script-rendered page, blocked site). It must NOT be read as 'not disclosed'.

2. Lenders and grouping

Brands are grouped where they share criteria. Virgin Money and Clydesdale are Nationwide brands, but Virgin Money still publishes separate criteria and products, so its rules are recorded under group 'Nationwide' with brand scope 'Virgin Money'. TSB is Santander-owned but remains a separate entity with its own criteria. Halifax Intermediaries becomes Lloyds Intermediaries in Q1 2027.

9. Coverage and limitations

- Barclays, Lloyds Banking Group (Halifax/Lloyds/Bank of Scotland) and Santander render rates only through interactive tools; their rows are third-party (SUPPORTED) snapshots. HSBC remortgage rates and Clydesdale new-business rates were fetched but not reliably parsed and are not included.
- Virgin Money guide rows are labelled with the printed section heading; the guide repeats 'Purchase Range' across several pages, so first-time buyer versus other purchase segments are not disambiguated.
- APRCs are shown only where the lender publishes them (HSBC consumer pages). Intermediary guides state that APRCs are produced at illustration.
- HSBC and Santander full A-Z criteria remain script-rendered; HSBC age limits are SUPPORTED by third parties only. Bank of Scotland is still assumed to follow LBG group criteria (SUPPORTED, not confirmed).
- Nationwide, Virgin Money and Bank of Scotland personal-loan figures remain NOT VERIFIED (script-rendered or blocked).
- Specialist lenders (Kensington, Precise, Aldermore, Paragon), Yorkshire BS/Accord and Leeds BS criteria remain NOT VERIFIED.
- Five conflicts remain unresolved; confirm with lenders before encoding them as hard rules.
- No lender publishes approval, acceptance or completion rates or minimum credit scores; none were estimated.
